# THE SUMMIT AT A GLIMPSE

The 10th Global Economic Summit, WTCA Asia Pacific Conference, and the World Trade Expo 2025 come together as a unified platform to foster international trade, investment collaboration, and sustainable economic development. This joint initiative aims to connect business leaders, government delegations, trade promotion agencies, and multilateral institutions globally. By facilitating high-level dialogue, showcasing trade and innovation opportunities, and supporting MSME integration into global value chains, the events collectively seek to drive regional cooperation, promote digital transformation, and advance inclusive growth for a resilient global economy.

## Programme Overview

The two day Summit features a dynamic mix of high-level sessions, technical panels, business networking, and sectoral showcases:

**Ministerial and Leadership** Addresses Opening sessions led by senior government officials, WTCA leadership, and international organization representatives.

**Panel Discussions** Thematic sessions on Sustainability, AI, Advanced Manufacturing, Digital Economy, Regenerative Real Estate, Supply Chain Resilience, Environment & Climate, Trade & Development, Innovation & Technology, Public Policy, Business & Entrepreneurship featuring experts, policymakers, and business leaders.

**Cultural Networking** High-level networking receptions and gala dinner fostering regional and international engagement.

**Business and Innovation Exhibition** A two day showcase of Maharashtra's strengths in key sectors, promoting trade, investment, and technology exchange.

## Event Highlights

- 600+ Indian delegates and 150+ global business leaders from across continents
- Participation from 50+ countries, spanning Asia, Europe, Africa, and the Americas
- 80+ expert speakers from industry, government, international organizations, embassies, consulate and World Trade Centers across the world
- Country and State Pavilions
- Sectoral spotlight sessions on manufacturing, green energy, digital trade, and infrastructure
- Strategic conferences on global trade policies, resilient supply chains, financing, and investor incentives
- A premier platform for international collaboration, policy engagement, and trade facilitation
